

Not all nationwide criminal reports are the same. Rentec Direct's [tenant screening](#) division has reviewed all available data sources to provide you with the most comprehensive nationwide search available. Please review the coverage data for your state, as well as the states your prospective tenant(s) may have lived in to determine if this product has complete coverage. If a state or county is not covered by this report, it likely means the county does not allow their data to be distributed, and the only way (through any screening vendor) to get an accurate representation of the criminal activity in that county is to retrieve a county level report. If your county is not included, when you run a scan using this report, all the other counties are searched and results from them are provided.
