

RentReporters

Build your credit by reporting your rent

Your on-time rent payments are **not** automatically included in your credit report.

RentReporters fixes that by reporting your responsible payment history to the credit bureaus so that you can elevate your credit and achieve your financial goals.

FAQs

What does RentReporters do?

We add up to 2 years of rent payment history to your credit report and then continue to report your ongoing monthly payments to help you strengthen your credit.

Will it increase your credit score?

Reporting rent generally strengthens your credit score and thickens your credit profile.

What if you don't have a credit score?

If you don't have a credit score, expect that to change. Most customers earn a score of greater than 625 after reporting their rent history.

How much does it cost?

\$9.95 a month and the signup fee is waived (a \$94.95 savings!!)

How do I sign up?

Log in to your tenant portal and follow the prompts. We've partnered with your landlord to make things as simple as possible!

How long does it take?

Once you enroll, expect your credit report to be updated in as little as 10 days.

Is there a satisfaction guarantee?

Yes, if you aren't satisfied for any reason, you can cancel anytime. There are no contracts.
